

Jersey is one of the world's leading international finance centres. A self-governing British Crown Dependency with legislative and judicial independence outside the UK and the EU, it is politically and economically stable with a sophisticated and comprehensive infrastructure of laws.

Jersey provides stability for businesses and clients whilst enhancements are continually being made to ensure its flexibility and attractiveness to domestic and international markets keep the island at the forefront of global finance.

The ZEDRA Jersey office offers a full range of trust, fiduciary, corporate and fund services and provides expert solutions to a diverse client base including high-net-worth individuals and their families, international corporations, institutional investors and entrepreneurs. The wealth of experience offered by the team, combined with a world-class infrastructure, gives an unparalleled welcome to private clients, businesses, investment managers and corporates alike.

Trustee Services

Jersey is a prominent jurisdiction for the provision of trustee services, leading the way with innovative and flexible trust legislation. ZEDRA Jersey provides a full suite of trust and trustee services including the establishment and administration of discretionary trusts, reserved powers trusts, revocable trusts and private trust company ("PTC") services. The latter includes the fulfilment of the legal, regulatory and administrative requirements necessary to operate a PTC effectively and the provision of directors to the PTC if needed.

Jersey Foundations

ZEDRA provides the full range of establishment and administration services associated with foundations including the provision of the "qualified person" (an organisation which is registered and regulated with the Jersey Financial Services Commission), and foundation council members; a liaison point between non-ZEDRA council members, arranging the preparation of the foundation charter and regulations, financial and taxation reporting whilst ensuring that all Jersey legal and regulatory obligations are met.

Wealth Structuring Services

Working with specialist advisors, ZEDRA Jersey delivers succession and intergenerational guidance and bespoke services to international families, entrepreneurs and family offices. We understand the increasingly global presence of our clients, the complexity of their asset base and cross jurisdictional regulation and legislation.

Corporate Services

ZEDRA specialises in the establishment and management of Jersey companies which may enjoy tax neutrality in respect of certain capital and income taxes together with the convenience, flexibility and protection flowing from the ability to segregate or consolidate assets.

Our services include the provision of:

- | A registered office address
- | Directors and the officers of the company
- | Company secretarial, accounting, payroll and legal/tax compliance services
- | Nominee services
- | Broad managed company services
- | "White-label" services for institutional clients

We can also undertake the establishment, management and administration of non-Jersey companies as required to facilitate our clients' international structuring needs.

Fund Services

ZEDRA Jersey provides fund establishment, fund administration and corporate secretarial services to a variety of bespoke fund and investment structures domiciled in numerous locations. We include registered office services, liaison with regulatory authorities and other compliance activity, accounting services, investor reporting, investor registration and the processing of investor transactions.

Employer Solutions

ZEDRA can provide for the establishment and administration of a wide range of employment based services including share-based employee benefit trusts, pensions and tax-efficient executive remuneration structures for listed and private companies.
